At the **Uplands, Peatlands & Raptors conference**, to be held in Sheffield in early September, we will address the hugely controversial issues of why Britain has lost its upland hen harriers, and much more besides. This is a major national conference with relevance to wider international issues as well. This landmark event will bring together key academics and practitioners to examine the ecological and conservation issues of raptors on uplands generally, and peatlands specifically, from bogs to heather moors.

The first day (9<sup>th</sup> September) will be a full day of presentations with an optional informal evening meal which needs to be booked separately. The following day (Saturday 10<sup>th</sup> September) will have plenary sessions in the morning followed by an after-lunch discussion forum in the early afternoon. Later in the afternoon there will be a field visit by coach / own transport to the Ringinglow area before returning to Sheffield early evening.

The conference will be opened by local MP, Angela Smith. Speakers for Friday include: Mark Avery, Alan Charles, Steve Redpath, Philip Merricks, Pat Thompson, Adrian Jowitt and Stephen Murphy. And, on Saturday morning there will be presentations by Barry O'Donoghue, Rhodri Thomas, Alan Fielding, Tim Baynes and Sonja Ludwig.

We welcome displays and posters on suitable topics from local community groups as well as from regional, national and international bodies. We also welcome posters from early-career researchers as well as the more established. Please contact [christine@hallamec.plus.com](mailto:christine@hallamec.plus.com) to discuss your ideas in the first instance as space is limited.

Details of the programme are available on the events page of our website [www.ukeconet.org](http://www.ukeconet.org) (follow the link from the front page of the website). Places can also be booked on-line from our events page.

This is the first of two major conferences with birds and conservation management as their themes. In 2017, we will be organising a 3-day national conference **looking at issues for the conservation of birds and the habitats of upland and lowland peatland, heath and moor: re-constructing nature for the 21<sup>st</sup> century.**

**Cancellation fees:** Full fee payable if cancellation is within 2 weeks of the event; 50% payable if within 3 weeks; 25% payable if cancellation within 4 weeks; over 4 weeks – full fee will be refunded minus a small administration charge.
